APPLICATION

IZAR@MOBILE 2 Android is a software designed for rapid and efficient mobile reading of IZAR radio modules and multi-energy smart meters. To benefit from all the software functionalities, IZAR@MOBILE 2 is delivered with IZAR HANDHELD Android portable terminal. Its ergonomic and intuitive interface is optimized by the size of its touch display.

IZAR@MOBILE 2 software, connected to IZAR PLUS PORTAL or IZAR@NET 2 software, offers many enhanced features such as planning of multiple tours and transfer of remote or local data. IZAR@MOBILE 2 Android software supports also on-site configuration of meters and system devices.

FEATURES

▸ Rapid and performant mobile reading

▸ Multi-energy solution (water, heat, cold, gas and electricity meters)

▸ Different reading modes available (automatic, alarms, detailed...)

▸ Ergonomic and user-friendly interface

▸ Manual or radio reading software

IZAR@MOBILE 2 ANDROID
SOFTWARE

GENERAL FEATURES

- Performant automatic radio reading
- Manual meter reading
- Up to 2,000 meters per tour reading
- Transfer of up to 100 tours per portable terminal
- Different reading modes (automatic, auto extended, alarms and detailed)
- Local (USB) or remote (FTP server) tour data transfer
- Tour upload/download with IZAR@NET 2 / IZAR PLUS PORTAL and USB, LAN, WLAN interface
- Configuration of IZAR RADIO COMPACT modules and IZAR RADIO EXTERN PULSE
